

CATVS

COMBINED ANALOG TV & SONAR

TV & SONAR TOGETHER ON A SINGLE CABLE

The CUES CATVS system is a single cable TV & sonar system that transmits both video and sonar on a single multi-conductor cable. This system is designed to work with the OZII camera and the Marine Electronics Sonar using a standard CUES gold cable. CATVS is ideal for partially and fully-charged pipelines, including difficult-to-inspect siphons and can be adapted to multiple platforms including: TV/Sonar Float, Sonar-only Float, steerable/non-steerable CUES Pipe Ranger transporters, and the CUES Mudmaster transporter.
