

## flexitrac C550c

Portable Video Inspection System

The flexitrac C550c is designed around simplicity of operation. Ready to use in 30 seconds from powering on, it requires minimal training to operate, letting you concentrate on pipe inspection. A large 12.1" / 307mm HD, daylight visible screen combined with full-size keyboard and dedicated function keys, guide you through the survey process. A built-in high capacity internal lithium-ion battery provides power for up to a full day's typical usage and 128Gb of solid state memory.

Inspect pipes faster to complete more surveys each day. The intuitive interface is quick to set up and simple to operate.

Reports are ready to share as soon as your survey is complete using advanced connectivity with USB, HDMI and ethernet.

The flexitrac C550c gives you flexibility when you need it, enabling you to survey pipes from 6" / 152mm to 60" / 1500mm.

Integrate with CUES GraniteNet software<sup>†</sup> to create NASSCO standard compliant reports including PACP, LACP, and MACP.

**Pushrods** - A choice of pushrod reels of varying length and flexibility can be connected to the flexitrac C550c system. Use a pushrod to survey pipes as small as 1¼" / 32mm.

The flexitrac C550c system provides a portable, modular pipeline inspection designed with you in mind.

### Inspect pipes faster to complete more surveys each day:

- The intuitive interface is quick to set up and simple to operate.
- Dedicated function keys make it easy to use.
